

WiNSpace Is Finished

Final Issue No 34 – 15th Dec 2025

WiNSpace – Is Yours

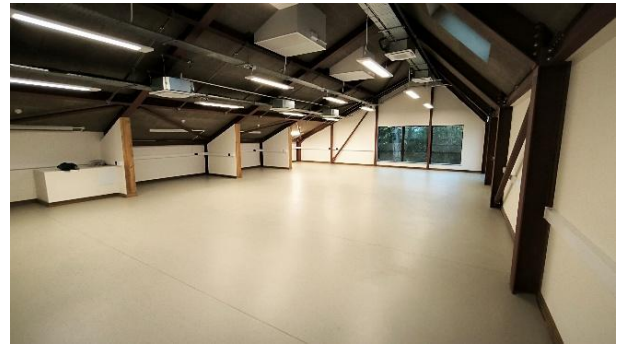

This is the 34th and last edition of the WiNSpace Newsletter; that has brought you the ups and downs of the WiNSpace Project for over 5 years. We are really pleased to announce that TODAY we have received the Completion Certificate for the building, with the keys arriving tomorrow, and it now belongs to you, the community, as part of the WCA. We will be opening as scheduled in the New Year (5th Jan onwards) for regular use. In the meantime, we are busy with the fit-out and final touches. We expect to have a number of opening events in the New Year which will give everyone an opportunity to come in and look around.

The WiNSpace Website

With the building complete we have now transferred all the WiNSpace information onto our main website. [Winscombeca.org.uk](https://winscombeca.org.uk). There you will find [The WiNSpace Pages](#) which contain lots of pictures of the build and completed rooms. It also contains timelapses of the build from start to finish. The WiNSpace website, which has served us well, will be closed down in the New Year.

Naming the New Building

Thanks for all the ideas of names for the New Building. Unfortunately, with the Trustees and build team focused on getting the build over the line, there has been little time to do this justice. We have therefore decided that for the time being, the New Build will be known as (wait for it) 'WiNSpace', with the current building being called 'The Old School'. Plenty of time to consider more options as we start using it, so keep those ideas coming. What a journey we have all been on and what a Fantastic Opportunity WiNSpace offers us for 2026 and beyond.
