

Now is the time

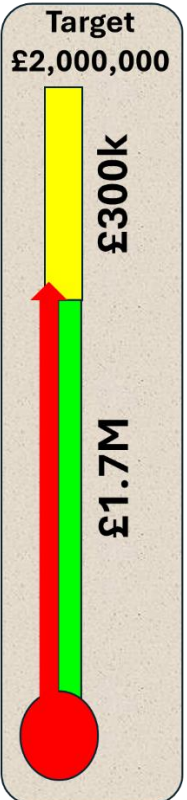

Together we can create a Special Place
If you are able, please make a Donation

We have come such a long way and are now working hard to sign building contracts in July, for construction to start in the Autumn. We have clear sight on £1.7m funding, with much of this already contractual. Funding sources include National Grants, the Parish Council, S106 Community Levy, Donations and our own WCA funds.

We now need the final £300,000 to ensure a fully functioning centre is delivered. Is this something you can help us towards? If you want to know more just get in contact or go to our donation page on our website, <https://winspace.org.uk/>

Any amount you, your business or employer can donate, will help complete the brand-new community building to replace the 'temporary' classrooms. In 1995 the Parish raised the funds to buy the old school for community use; 30 years on, let's do it again and provide a special space full of possibilities at the heart of the villages.

Meeting our £2,000,000 target will allow us to create not just a building but a special place, which will serve generations to come and honour those who had the vision to start the community centre 45 year ago.
